THE BUTLER CREEK DELUXE BINO HARNESS ELIMINATES NECK STRAP FATIGUE

Overland Park, KS. — The Butler Creek Deluxe Binocular Harness provides a comfortable, easy way to carry your binoculars.

The harness features a broad, padded section that distributes the weight of the binoculars more evenly across your back. It is easy to put on or take off and attaches easily to binoculars.

It is also vented to reduce heat build up and won't ride up like other harness models. The Harness keeps your binoculars stored snugly against your chest so they don't get in the way when walking, birding, shooting or drawing your bow. The design of the harness also provides extra stability when glassing for long periods of time.

It is available in black and khaki for a suggested retail price of \$20.90.

For more information, go to www.butlercreek.com.
